United States Department of Agriculture,

DIVISION OF PUBLICATIONS.

Washington, D. C., April 30, 1897.

CONGRESSIONAL REPRINTS.

(For sale by Superintendent of Documents, Union Building, Washington, D. C.)

The Cotton Plant. Pp. 433, pls. 4, figs. 32. (Bulletin No. 33, Office of Experiment Stations.) Reprint. Price, bound in cloth, 60 cents.

This publication was prepared by experts in the Department, with the collaboration of various specialists and a practical planter, not connected with the Department. The volume contains chapters on: History and general statistics of cotton; botany of cotton; chemistry of cotton; climatology and soils; manuring cotton; cultivated varieties of cotton; culture of cotton; diseases of cotton; insects which affect the cotton plant in the United States; handling and uses of cotton; feeding value of cotton-seed products; and a supplemental bibliography of cotton.

Special Report on the Diseases of the Horse: Prepared under the direction of Dr. D. E. Salmon, Chief of the Bureau of Animal Industry, by Drs. Michener, Law, Harbaugh, Trumbower, Liantard, Holcombe, Huidekoper, and Dickson. Pp. 560, pls. 44. Reprint. Price 65 cents.

Special Report on Diseases of Cattle and on Cattle Feeding. Prepared under the direction of Dr. D. E. Salmon, Chief of the Bureau of Animal Industry, by Drs. Murray, Atkinson, Harbaugh, Lowe, Law, Dickson, Trumbower, Smith, and Professor Henry. Pp. 496, pls. 44. Reprint. Price 65 cents.

ANNOUNCEMENT.

The Superintendent of Documents has a limited supply of the following publications, the editions of which were for a time announced as exhausted:

Yearbook of the Department of Agriculture for 1894. Pp. 608. Pls. 7, figs. 140. Price 50 cents.

Yearbook of the Department of Agriculture, 1895. Pp. 656, pls. 10, figs. 134. Price 55 cents.

The Principal Household Insects of the United States, by L. O. Howard and C. L. Marlatt, with a chapter on Insects Affecting Dry Vegetable Foods. By F. H. Chittenden. Pp. 130, figs. 64. (Bulletin No. 4, new series, Division of Entomology.) Price 10 cents.

Insects Affecting Domestic Animals: An Account of the Species of Importance in North America, with Mention of Related Forms Occurring on Other Animals. By Herbert Osborn, Professor of Zoology and Entomology, Iowa Agricultural College, Ames, Iowa. Pp. 302, pls. 5, figs. 170. (Bulletin No. 5, new series, Division of Entomology.) Price 20 cents.

NOTES REGARDING DEPARTMENT PUBLICATIONS.

The publications of the United States Department of Agriculture are of three classes: (1) Serial publications; (2) scientific and technical reports; and, (3) popular bulletins.

The first two classes are issued in limited editions and are not intended for general distribution, being particularly designed for scientific students and for libraries and institutions of learning. They are distributed free only to persons cooperating with or rendering the Department some service. Sample copies will be sent if requested, but miscellaneous applicants to receive the same regularly or for occasional copies must apply to the Superintendent of Documents, Union Building, Washington, D. C., to whom all publications not needed for official use, except circulars and bulletins printed by law for free distribution, are turned over in accordance with the following provision of the act providing for the public printing and binding and the distribution of public documents, viz:

SEC. 67. All documents at present remaining in charge of the several Executive Departments, bureaus, and offices of the Government not required for official use shall be delivered to the Superintendent of Documents, and hereafter all public documents accumulating in said Departments, bureaus, and offices not needed for official use shall be annually turned over to the Superintendent of Documents for distribution or sale.

The Farmers' Bulletins treat in a practical manner of subjects of particular interest to farmers, and are issued with a view to the widest possible circulation. These bulletins and circulars of information are free, two-thirds of them being set aside under the law for distribution through Senators, Representatives, and Delegates in Congress. Applications may be addressed to the Secretary of Agriculture, stating both the **Number** and **title** of the publication desired.

The Department has no list to whom all publications are sent; the variety of the subjects treated naturally restricts the distribution of most of them to the sections of country to which they are especially suitable and to specialists. The Monthly List of Publications, issued the first of each month, will be mailed to all who apply for it. In it the titles of the publications are given with a note explanatory of the character of each, thus enabling the reader to make intelligent application for such bulletins and reports as are certain to be of interest to him.

The Department can not undertake to furnish complete sets of either Farmers' Bulletins or other publications.

For the maps and bulletins of the Weather Bureau requests and remittances should be directed to the Chief of that Bureau.

For publications mentioned in the Monthly List preceding, **to which a price is attached** (with the exception of those issued by the Weather Bureau), application must be made to the

SUPERINTENDENT OF DOCUMENTS,

UNION BUILDING,

WASHINGTON, D. C.,

accompanied by the price thereof as fixed by him in accordance with the provisions of sections 61 and 67 of the act providing for the public printing and binding, and the distribution of public documents, approved January 12, 1895, and all remittances should be made to him and **not** to the Department of Agriculture; such remittances should be made by postal money order and not by private check or postage stamps.

The Superintendent of Documents is not permitted to sell more than one copy of any public document to the same person.

The Superintendent of Documents is not an official of the Department of Agriculture. Applications for all other publications of this Department should be addressed to the Secretary of Agriculture, Washington, D. C.

Do not inclose stamps when writing to the Department about publications; it is not necessary in order to secure a reply.

Please advise the Department of any change of address.
